

Hasso Hamid

Frontend Developer

INTRO

A Fullstack Developer passionate about Frontend and UX/UI design. After diving into HTML and CSS, I fell in love with crafting seamless user experiences. I continually expand my skill set to deliver modern, responsive interfaces.

EXPERIENCE

Project Manager (RentUp.io)

Quack Tech Group

Dec 2021 – Nov 2023 | Stockholm (Hybrid)

Led the development of a full-featured real estate platform, coordinating cross-functional teams to deliver a seamless experience for buying, selling, and renting homes. This role ignited my passion for hands-on web development and UX-led design.

Key Account Manager

KPAX Marketing LTD

May 2020 – Oct 2021 | Cyprus

Managed strategic relationships with enterprise clients in Sweden and Canada, driving growth through customized digital solutions and sharpening my communication skills in both formal and informal contexts.

B2C Sales Representative

Telenor AB

Jul 2019 – Dec 2019 | Cyprus

Delivered exceptional customer service across inbound inquiries, sales, and retention desks—honing my ability to listen, adapt, and solve problems under pressure.
